Annexure to the Notice**EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

As required by Section 102 of the Companies Act, 2013 (the "Act"), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 4 & 5 of the accompanying Notice:

Item No.4

As per the provisions of Section 149 (1) of the Act and amended clause 49 of the Listing Agreement, the Company should have at least one Women Director. Accordingly, Mrs. Gayatri Devi Goyal was appointed on 13th July, 2015 as an Additional Director of the Company by the Board of Directors pursuant to section 161 of the Companies Act, 2013. According to the said Section, she will hold office only up to the date of this Annual General Meeting. As required under Section 160 of the above Act, a notice has been received from a member signifying his intention to propose her as a candidate for the office of Director. Mrs. Gayatri Devi Goyal is having vast experience in the industrial field which will be beneficial to the Company. It is, therefore, in the Company's interest that it should avail of her services as member on the Board. It is in the above circumstances that the resolution mentioned in this item of the notice is proposed to be passed and commended for your acceptance.

Except Mrs. Gayatri Devi Goyal being an appointee and her husband or none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution set out in this item of the notice.

Item No. 5

Your Board of Directors analyze that the shifting of the registered office is in the best interest of the company, shareholders and all concerned parties and shall in no manner adversely affect the existing client base, creditors or operations or employees of the company. This shifting would provide administrative convenience. Further, the shareholders of the company are unable to participate/approach to the existing registered office of the company and are unable to represent themselves in the company's general meetings. In connection to this, your Board of Directors has decided in their Board Meeting held on 28th August, 2015, that the Registered Office of the Company be shifted from the State of Chhattisgarh to the State of Maharashtra.

As per provisions of Section 12, 13 and other applicable provisions, if any, of the Companies Act, 2013 and rules made thereunder, such shifting of Registered Office requires the Company to alter Memorandum of Association of the Company and to obtain necessary approval of the Shareholders by way of special resolution.

A copy of the Memorandum as on date and a copy indicating the proposed amendments is available for inspection at the registered office of the Company on any working day during office hours from 9 A.M. to 5 P.M.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Therefore your Board of Directors recommends passing the resolution(s) set out in item No.5 as Special Resolution for shifting the registered office from the state of Chhattisgarh to the State of Maharashtra and for altering Clause II of the Memorandum of Association of Company.

Management Discussion & Analysis Report Business Outlook**BUSINESS OVERVIEW:**

M/s. Chhattisgarh Industries Limited is looking for new business avenues in various areas like Manufacturing of coke, hard coke and other coal/coke related product.

Industry Dynamics

Coke - a derivative of metallurgical coking coal is particularly a raw material used by various industries. Being a vital component in the process of conversion of metallurgical ores into metal, coke plays an important role in the metal industry. The coke industry is dominated by large integrated steel plants (ISPs). Traditionally, coke production has been captive, thus ISPs leaving a meager surplus for merchant trading. But during the last 10 years, a number of pig iron plants have been built in India without captive coke making facilities. Also, most coke oven batteries are located in the eastern region of the country in proximity to steel units. As a result, coke consumers in the western and southern regions have to rely primarily on imported coke.

Major Coke consuming industries.

- ◆ Pig iron producers and Steel Industry
- ◆ Foundry industry
- ◆ Ferro- alloys industry
- ◆ Blast Furnaces
- ◆ Zinc and lead producers
- ◆ Cement Industry

Current Dynamics

With the global slowdown engulfing the world, the infrastructure sector has also suffered contraction and consequently steel producer world over have cut down production. This has caused a direct impact on coke demand and pulled down prices. Being cautious in the fragile market scenario, players are keeping low inventory levels and thus the coke demand has seen downturn. However, steel demand in India is far from softening on long term basis, and with inventory levels turning ear to ground, the demand is once again expected to resurface. We expect the coke prices to lower at current level in the near term due to weak sentiments but recover to sustainable levels in the medium to long term.

RISK AND THREATS TO BUSINESS:

The steel sector has been severely impacted due to the economic slowdown and the coal consumption as raw material also fell down. This sector requires large amount of funds for investment which has further brought the sector under pressure. Slowdown in industry is generally and specifically to the industry and job losses are having adverse impact on the sector. Difficulty in getting finance at reasonable cost may hamper the business. While these concerns are valid to some extent, the Company, believes that in near future we will be able to control the situation because of their skills, competencies, and demand supply gap.

HUMAN RESOURCE MANAGEMENT:

A strong brand image has been built thanks to the high standard of quality products delivered by the Company. This could not have been possible but for the dedicated professional and experienced manpower resources of the company. The Company ensures best manpower resources of the company. The Company ensures best work environment and equal opportunities with better prospects of career development to all its employees.

Since the Company is engaged in trading activity therefore minimum number of staff and workers has been retained in the Company to oversee day to day operations. The Company cares for its personnel and considers them as their assets. The Company is exposed to risks from market fluctuation of interest rate and stock market fluctuation of the share price.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

THE Company has an in house internal audit department which examines and ensures adequate internal checks and control procedures. It also ensures proper accounting, records authorization, control of operations and compliance with law. Further the Company's continuously working to improve and strengthen internal check and control system to align with the expected growth in operations.

SIGNIFICANT ACCOUNTING POLICIES & NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015**NOTE: 16****1. CORPORATE INFORMATION**

Chhattisgarh Industries Limited is a public limited company domiciled in India under the provisions of the Companies Act, 2013 (erstwhile Companies Act 1956). The Company is engaged in manufacturing and selling of coal/coke.

2. SIGNIFICANT ACCOUNTING POLICIES**a) BASIS OF ACCOUNTING**

The financial statements of Chhattisgarh Industries Limited ("the Company") have been prepared and presented in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises accounting standards notified by the Central Government of India under Section 133 of the Companies Act, 2013, other pronouncements of Institute of Chartered Accountants of India and the other provisions of Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities. The company follows the accrual system of accounting for recognizing income and expenditure.

b) USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods.

c) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Sale of goods:

Revenue is recognized when the significant risks and rewards of ownership of goods have passed to the buyer.

Sale of scrap:

Revenue from sale of scrap is recognized as and when scrap is sold.

d) FIXED ASSETS AND DEPRECIATION

Tangible Assets:

Fixed assets are carried at the cost of acquisition or construction less accumulated depreciation. The cost of fixed assets includes non-refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Depreciation and amortization:

Depreciation on fixed assets is charged as per Straight Line Method as per the rates specified under schedule II of the Companies Act, 2013.

e) EMPLOYEE BENEFITS

All short-term and long term employee benefits are recognised at their undiscounted amount in the accounting period in which they are incurred.

f) EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

g) TAXATION

Provision for current tax is made for the tax liability payable on taxable income after considering the allowances, deductions and exemptions and disallowances if any determined in accordance with the prevailing tax laws. The differences between the taxable income and the net profit or loss before tax for the period as per the financial statements are identified and the tax effect on the "timing differences" is recognised as deferred tax asset or deferred tax liability. The tax effect is calculated on the accumulated timing differences at the end of the accounting period based on the tax rates and laws, enacted or substantively enacted as of the balance sheet date.

h) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

The Company creates a provision when there is a present obligation as a result of an obligating event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the outflow. Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the company. Contingent Assets are neither recognized nor disclosed in the Financial Statements as a matter of prudence.

3. NOTES TO ACCOUNTS
